

"TADPOLE" LED FIBER OPTIC SYSTEM

One light source for multiple points of light

Each Tadpole system includes three or four, eight (8) foot lengths of EEF-25 "Sunburst" or EEF-50 "Sunburst II" end emitting fiber lit by one LED illuminator.

IlluminFx Tadpole LED fiber optic kits operate off of 12-24V, AC or DC power supplies (minimum output should be 4W), and consume 3 watts.

Transformer not included.

CREATIVE USES

- Disappearing Fountains
- Lighting steps
- Small waterfalls
- Moonlighting from trees
- Add to your existing low voltage system

The creative uses are Endless!!

FOLED-325 — Tadpole LED-325/ 3w white LED (3) 8' EEF-25 fibers

FOLED-350 — Tadpole LED-350/ 3w white LED (3) 8' EFF-50 fibers

FOLED-425 — Tadpole LED-425/ 3w white LED (4) 8' EFF-25 fibers

FOLED-450 — Tadpole LED-450/ 3w white LED (4) 8' EFF-50 fibers

Color Changing Tadpoles are now Available

FOLEDC-450 — Tadpole LED-450/ 3w LED RGB color changing illuminator 8' EFF -50 fibers

MANTA RAY

High Brightness Underwater LED Lighting Fixture

Designed for use with 12V magnetic transformers (Do Not use with dimmers or with electronic transformers), the IlluminFx Manta Ray is a high brightness LED.

- Low Power Consumption (3.4 watts)
- Long Life: 50,000 Hours
- High Efficiency: up to 70 lumens per watt
- Completely Submersible
- NO UV radiation
- Warm white light replicates the halogen incandescent look

FOMR1-W6 —

Manta Ray High brightness 12v/ underwater LED 3.4w, 2800k, 60° beam spread with 20' SJTW cord

FOMR1-W4 —

Manta Ray High brightness 12v/ underwater LED 3.4w, 2800k, 40° beam spread with 20' SJTW cord

CENTINEL

FOC6050-Centinel — 12v LED

PRODUCT FEATURES:

- MR16 Replacement Lamp
- High Brightness
- Beam Angle 60° (available in 40°)
- Low Power Consumption (3.4 watts)
- Long life - 50,000 Hours
- High Efficiency - 70 Lumens per watt
- NO UV Radiation
- GU5.3 base compatible with traditional halogen sockets

LED MR-16 Lamps

FAUX STONE

WATERFALL FORMATION

Realistic, light weight, yet very durable and weatherproof stone formations. These beautiful waterfalls are available in 4 different sizes that have spillways. CRWF-2, CRWF-3, & CRWF-4 are each available with no spillway to create a fabulous self contained, free standing waterfall effect for indoor or outdoor use.

CRWF-1S — Waterfall 1 Spillway – 33" X 19" X 10"

CRWF-2C — Waterfall 2 Contained – 41" x 37" x 8"

CRWF-2S — Waterfall 2 Spillway – 41" x 37" x 8"

CRWF-3C — Waterfall 3 Contained – 45" x 48" x 8"

CRWF-3S — Waterfall 3 Spillway – 45" x 48" x 8"

CRWF-4C — Waterfall 4 Contained – 59" x 56" x 10"

CRWF-4S — Waterfall 4 Spillway– 59" x 56" x 10"
